

Hello everyone. We are **Angel** and **Alfie**, your Pupil Voice leaders.

Thank you to all the children who put suggestions on the notice board. There are still some children writing suggestions on the board without putting their names. Please remember to put your name next to your suggestion.

Sadly, once again there were some suggestions that we could not read. Please write in your best handwriting or your suggestion will have to be put in the bin!

These are the suggestions that were on the board recently.

There were a number of suggestions about school meals. Lili Ela and Wojech asked for Risotto and French Fries to be on the menu. Cadie and Sophie asked if children could eat their Yorkshire puddings with their fingers because they flew off the plate when they tried to cut them. Aisha suggested that we have Ice cream on the menu as pudding.

We will be asking the cook this week if it is possible to have Risotto and French Fries added to the menu. Pupil Voice team felt though that the way to stop flying Yorkshire puddings is to soften them with gravy or turn them over and cut into the softer part. Finally, Ice cream is already on the menu every few weeks.

Quezia asked if there could be a party for the whole school on Teachers' birthdays?

Pupil Voice felt that this would be dangerous as there would never be any work done. Also, having so many parties would mean that parties became boring.

Yami suggested that we get new nets for the basketball posts on the upper school playground.

Pupil Voice liked this idea. It is a long time since we replaced the nets and both posts now have no nets at all. We will ask for new ones to be bought as soon as possible.

Cadie and Sophie both asked if they could have white bread if they are on School Sandwich dinners.

The Team felt this was something that they could ask the cook.

Kelsey asked if chocolate could be on sale at the Christmas Disco

The Pupil Voice team know that sweets are on sale at the disco. The PFA run the disco so Pupil Voice will ask them this week if any chocolate could be on sale at their next Christmas disco.

There was a request from Phoebe that we have more Film nights every month

Pupil Voice felt that this was not possible. If we have too many film nights, they will no longer be special and children will stop wanting to come.

Kyira had an interesting request for children to have lockers in school to keep their things in.

Pupil Voice feel that Lockers are more suitable for older children at Secondary School. There would be lots of problems if we had lockers because children would lose their keys, especially the younger children. Also children already have their own trays, and have their own school bags to keep their property in.

Rory asked if it were possible to have a School Disco every term.

Pupil Voice say that we already have a number of discos during the year, One put on by the PFA, at Class Christmas Parties, and for fundraisers. To have more, may make discos become boring.

The PFA asked us to find out which film you would like for their next Film Night. Finding Dory or Angry Birds. The Upper school voted for Angry Birds, the Lower School for Finding Dory. So because there was not an agreement, the PFA are to show the Secret Life of Pets instead.

We remind all Upper School children that they must put their rubbish in the green bins when having tuck at morning playtime.

Also, we want you all to make sure that you use the Changing rooms and toilets properly. We have to make sure we behave ourselves and keep them clean and tidy for Mr Etches.
