Dear Parents/Carers,

FRIDAY 8TH FEBRUARY 2019
SAFER INTERNET WEEK ASSEMBLY AND PARENTS' SESSION

Safer Internet week begins on the 4th February. Across school, the children have been learning all about the various ways of staying safe online including social networking, cyber bullying, geotagging, accidental information leaks and many more things. The children will be sharing their learning with the rest of school in an assembly at the end of the week so please do ask your children what they've been learning.

We would like to invite parents and carers to an adult's event after this assembly to talk about how to help your child stay safe online. We'll be talking about ways to add parental controls, how to monitor content and simple ways to encourage your child to take internet safety seriously.

There will be time after the presentation too, to ask questions and show you how to change settings so please feel free to bring along your child's devices and we can help you to implement some of the safer strategies we discuss. We'll have lots of handouts and ideas to take away so don't worry if technology isn't 'your thing', we're here to help and have instructions to take away as well as lots of online safety tips on our school's twitter feed.

The safer internet discussion for parents will take place at **2:30pm on Friday 8th February**. We think this will be a really valuable meeting and we hope to see as many parents as possible join us.

Kindest regards,

Mrs Slight and Mr Slight
